Summary Statement

I am passionate, driven and self-motivated in all roles I claim. I am especially productive and find great satisfaction in social roles as I truly enjoy conversations with others and endeavor to create wonderful experiences for the people I interact with. Currently looking to expand my career by moving into a full stack development role.

Work Experience

Amazon

DEX-Robotics, Seattle WA

Scout Ambassador

November 2017-present

- Led the creation of a new leadership role which facilitated us reaching our delivery goal 3 months earlier than projected.
- Inspired dozens of positive customer engagements weekly, showing off Scout and promoting the Amazon brand
- Launched a new site in Irvine, CA. training new ambassadors and pioneered the first training curriculum for future new hires.
- Utilized full stack ticketing system to work with peers to squash bugs daily
- Identified issue with robots moving too slowly, collaborated with team to improve speed resulting in a 47% increase in packages delivered per hour
- Installed software on experimental robot delivery drones

Summervale Premier Dressage

Head Groom

April 2016-November 2017

- Managed feeding and training schedules of 30 horses daily
- Orchestrated shipping sales horses internationally
- Formed a rapport with horses and people to promote wellness
- Orchestrated horse show and sales events

Education

University of Washington Coding Boot Camp

November 2019-Anticipated May 2020

Tacoma Community College

September 2005-December 2007

- Student of Art and Science
